88.13 (Session 88 Question 13) **Questioner:** I will also assume, and I may not be correct, that the present list that I have of twenty-two names of the tarot cards of the Major Arcana are not in exact agreement with Ra's original generation of the tarot. Could you describe the original tarot, first telling me if there were twenty-two archetypes? That must have been the same. Were they the same as the list that I read to you in a previous session or were there differences?

## The Choice

**Ra:** I am Ra. As we have stated previously, each archetype is a concept complex and may be viewed not only by individuals but by those of the same racial and planetary influences in unique ways. Therefore, it is not informative to reconstruct the rather minor differences in descriptive terms between the tarot used by us and that used by those of Egypt and the spiritual descendants of those first students of this system of study.

The one great breakthrough which was made after our work in third density was done was the proper emphasis given to the Arcanum Number Twenty-Two which we have called The Choice. In our own experience we were aware that such a unifying archetype existed but did not give that archetype the proper complex of concepts in order to most efficaciously use that archetype in order to promote our evolution.

89.26 **Questioner:** All right; I'll have to do that. Ra stated that a major breakthrough was made when proper emphasis was put on Arcanum Twenty-Two. This didn't happen until Ra had completed third density. I assume from this that Ra, being polarized positively, probably had some of the same difficulty that occurred prior to the veil in that the negative polarity was not appreciated. That's a guess. Is this correct?

*Ra:* I am Ra. In one way it is precisely correct. Our harvest was overwhelmingly positive and our appreciation of those which were negative was relatively uninformed. However, we were intending to suggest that in the use of the system known to you as the tarot for advancing the spiritual evolution of the self a proper understanding, if we may use this misnomer, of Archetype Twenty-Two is greatly helpful in sharpening the basic view of the Significator of Mind, Body, and Spirit and, further, throws into starker relief the Transformation and Great Way of Mind, Body, and Spirit complexes.
